About Us

SS Lifescience Labs, a trusted brand of Aarnav Global Exports, specializes in OEM/ODM and private label cosmetic manufacturing. We deliver innovative, high-quality skincare, haircare, and personal care solutions with custom formulations, premium quality, and reliable manufacturing support.

Skin Problems

- Acne
- Sensitive Skin
- Dull Skin
- Dry Skin

Our Solution

SS Lifescience Labs provides complete OEM/ODM and private label cosmetic manufacturing solutions, including custom formulations, premium packaging, quality testing, bulk production, and timely delivery to help brands launch high-quality skincare, haircare, and personal care products successfully.

Our Products

Clean Serum

Glow Serum

Smooth Serum

Best Seller Product

Clean Serum

Our Best Seller Clean Serum is expertly formulated to deeply hydrate, brighten, and revitalize the skin. Enriched with premium active ingredients, it helps improve skin texture, reduce dullness, and deliver a healthy, radiant glow for all skin types.

How to Use

- Apply 2–3 drops of Clean Serum to clean and dry skin. Gently massage over your face and neck using upward circular motions until the serum is fully absorbed for maximum effectiveness.

- Use the serum twice daily, once in the morning and again at night, before applying moisturizer. During the daytime, always follow with sunscreen to protect your skin from harmful UV rays.

- For best results, use consistently as part of your daily skincare routine. Suitable for all skin types, Clean Serum helps improve hydration, enhance radiance, and promote smoother, healthier-looking skin with regular use.
